17. The Candidate can enter the Admission portal through “***www.hooghlymohsincollege.ac.in***”

18. Merit list will be prepared strictly according to merit point.

Merit Point Calculation:--

(A) For all Honours Candidates:

X = The summation of 40% of the percentage of aggregate in Madhyamik Pariksha or Equivalent Examination (class 10) and 60% of the percentage of the summation of best five subject marks in HS or equivalent Examination (10+2) . *[Those who have passed HS with four subjects, same rule is applicable]*

Y = Marks obtained in HS or equivalent examination in the subject applied for Honours

Then Merit point $M = X + Y$

For making the merit list, if merit points of more than one candidate become identical then marks in Hons. subjects, Marks in English and percentage of mark in Madhyamik pariksha or equivalent examination (class 10) shall be preferred respectively.

Illustration 1: Suppose “A” secured 80% marks in MP or equivalent examination. If the sum of A’s best five subjects in HS or equivalent examination is 450 out of 500.

$$\text{Then \% of best five subjects is} = \frac{\text{Sum of Best Five Sub.}}{\text{Total of Five sub.}} \times 100 = \frac{450}{500} \times 100 = 90$$

$$\text{Then, } X = 40\% \text{ of } 80 + 60\% \text{ of } 90 = 32 + 54 = 85$$

Illustration 2: Suppose “B” secured 80% marks in MP or equivalent examination and “B” passed HS with four subjects with 85% marks.

$$\text{Then, } X = 40\% \text{ of } 80 + 60\% \text{ of } 85 = 32 + 51 = 83$$

(B) FOR ALL GENERAL CANDIDATES:

Merit point (M) = Summation of 40% of the percentage of aggregate in Madhyamik Pariksha or Equivalent Examination (class 10) and 60% of the percentage of the summation of best five subject marks in HS or equivalent Examination (10+2) [*Those who have passed HS with four subjects, same rule is applicable*]

If Merit points of more than one candidate become identical then Marks in English and percentage of mark in Madhyamik pariksha or equivalent examination (class 10) shall be preferred respectively.

Illustration 3: Suppose “C” secure 80% marks in MP or equivalent examination.

If the sum of C’s best five subjects in HS or equivalent examination is 450 out of 500.

$$\text{Then \% of best five subjects is} = \frac{450}{500} \times 100 = 90$$

$$\text{Then, } M = 40\% \text{ of } 80 + 60\% \text{ of } 90 = 32 + 54 = 85$$

NOTE: i) For Geology Hons., Average of marks of Physics, Chemistry and Mathematics shall be treated as Hons subject mark.

ii) For B.Sc. Economics Hons. marks of Mathematics shall be treated as Hons subject mark.

iii) For those who applied for Hons. in Accounting and Finance, but not coming from Commerce stream, marks of Mathematics shall be treated as Hons subject mark.

i.e. For Accounting and Finance Hons. $Y = \text{marks in Mathematics}$

19. Reservation as per rule: SC 22%, ST 6%, OBC-A 10% & OBC-B 7%, follow Annexure II

20. After filling the form, applicants should get a printout of the submitted form. They are to make a careful scrutiny of the same.

21. During application, candidates should be very careful while uploading marks and other relevant information. Multiple application of one candidate is strongly discouraged.
