Muhammad Mohsin's Biography

Haji Muhammad Mohsin was a prominent philanthropist in Bengal. Mohsin was born to Haji Faizullah and Zainab Khanam in Hooghly in 1732. He was self-taught and vastly learned in the Quran, Hadith and the Fiqh. He travelled to different countries - Iran, Iraq, Arabia and made pilgrimage to holy places, for he believed that travelling widens the horizon of one's perception. He led a very simple and pious life. In the Government record of 1769-70 he is mentioned as setting up several langarkhanas during the Famine of that period and donating to the Government famine fund. He dedicated all the income from his property for charity and, social and educational causes. It is believed that one- third of his fortune was donated for education and religious programmes, four- ninth was donated for giving pensions to the elderly and disabled and the rest was for the expenses of the two trustees. Because of his generosity he was called DanvirMohsin.

He was the founder of Hooghly Immambara. He also gave 40 acres of land out of 42 acres for establishing Government BL College, Khulna, Bangladesh. To commemorate his immense contribution in the field of education, many educational institutions in India and Bangladesh have been named after Muhammad Mohsin. Hooghly Mohsin College, formerly known as New Hooghly College in Chinsurah, West Bengal, was established by him. The College was renamed as Hooghly Mohsin College on its centenary day celebration in 1936 to acknowledge the contribution of its founder Haji Muhammad Mohsin to spread education in West Bengal. On 29th November, 1812, he breathed his last.

Internal Quality Assurance Cell (IQAC)

The Internal Quality Assurance Cell (IQAC) of Hooghly Mohsin College was established in 2007, shortly after the College was awarded its first-cycle accreditation with 83% score in the same year by the National Assessment and Accreditation Council (NAAC), an autonomous body

under the University Grants Commission (UGC). Since then the IQAC has been reconstituted periodically in accordance with the NAAC guidelines with a senior member of the teaching staff as its coordinator. As a post accreditation measure the IQAC monitors the overall development programme of the college and takes active role in academic and administrative affairs by finding out the areas of weakness and providing positive suggestions to the administration for overcoming the same. It also prepares the future project and plays the pivotal role in sustaining and improving the institutional quality. **In September 2022 the College has been awarded its Second-cycle accreditation with Grade B$^+$ by the National Assessment and Accreditation Council**.

In conformity with the spirit that NAAC espouse, the IQAC functions not as just another layer in the administrative hierarchy. Though its ambit is all-embracing, the IQAC functions as an advisory and facilitating body rather than as a source of administrative instructions. As a catalyst, the College IQAC strives to synergize activities of the different wings of the College. Its responsibility is to nurture an environment that is congenial to an ideal teaching learning process, research activities, and a transparent and efficient administrative process which is sensitive to stakeholders' needs. Its responsibility also includes ensuring incentive compatibility for the stakeholders to discharge their respective functions to their full potential.

To this end IQAC gathers required information through regular interactions with stakeholders and periodic feedbacks through questionnaires from them. Important issues are deliberated on in its meetings. The College Principal being the chairperson of IQAC, the suggestions for improvement put forward by IQAC have an in-built communication route.

The Ministry of Human Resource Development via notification dated 2nd May, 2016 made University Grants Commission (Prevention, Prohibition and Redressal of Sexual Harassment of Women employees and students in Higher Educational Institutions) Regulation, 2015.It is a comprehensive legislation to provide a safe, secure and enabling environment, free from sexual harassment to every woman. This statute was enacted to fill the legislative void which had been partially addressed by the judiciary in *Vishaka and Others v. State of Rajasthan and Others* (1997 (7) SCC 323). In this seminal public interest litigation verdict, the Supreme Court of India had framed a set of guidelines ("**Vishaka Guidelines**") for dealing with instances of sexual harassment at the workplace, which has now been codified in the POSH Act.

Under the POSH Act, an employer is legally required to comply with certain statutory requirements. One of these is the constitution of an Internal Complaints Committee ("**ICC**"), a body envisaged to receive complaints on sexual harassment at the workplace from an aggrieved woman, as well as to inquire into and make recommendations to the employer on the action required pursuant to its inquiry of such complaint made.

UGC Regulation states the responsibility of HEIs to act decisively against all gender based violence against employees and students of all sexes and to reinforce its commitment to creating its campus free from discrimination, harassment, retaliation and any form of sexual assault.

According to Supreme Court Guidelines Sexual Harassment can be defined as unwelcome sexually determined behavior whether directly or by implication as

1. Physical contact and advances
2. Demand or request for sexual favours
3. Making sexually coloured remarks
4. Showing pornography
5. Any other unwelcome physical, verbal or nonverbal conduct of sexual nature.

Objective and Role of ICC
1. To take consistent action for Prevention, Prohibition and Redressal of Complaint received regarding sexual harassment, gender discrimination of women employee at Workplace.
2. Prevent gender discrimination and sexual harassment by promoting gender sensitization among the students and employees.
3. Make recommendations to the administration to lay down the procedures for the prohibition, resolution and prosecution of acts of discrimination and sexual harassment by the student and the employee.
4. Deal with the cases of discrimination and sexual harassment of a women employee in a time bound manner aiming at ensuring support services to the victim and termination of harassment.
5. Recommend appropriate punitive action against guilty party.
6. Constantly keep a vigil on the internal processes to check on the safety parameters for women workers especially.

7. Recommend to the employer on changes that needs to be incorporated in various policies, processes and procedural matters related to safety of employees/prevent any kind of sexual harassment from taking place
