REPORT ON THALASSEMIA SCREENING AND AWARENESS CAMP

Organized by: Health and Hygiene Sub-Committee, Hooghly Mohsin College, Chinsurah

In Collaboration with: Nivedita Thalassemia Control & Awareness Society (Under the Supervision of NRS Medical College & Hospital.)

Date: 1st October, 2026

Venue: Hooghly Mohsin College Premises

A one-day Thalassemia Screening and Awareness Camp was successfully organized today, on 1st October 2026, by the **Health and Hygiene Sub-Committee of Hooghly Mohsin College** in collaboration with **Nivedita Thalassemia Control & Awareness Society**.

The objective of the camp was to create awareness about Thalassemia, a highly prevalent genetic blood disorder in West Bengal, and to promote early screening among the youth.

Over a hundred students actively participated in the camp and a total of 93 students screening was done. The medical team from Nivedita Thalassemia Control & Awareness Society conducted the tests efficiently and maintained all medical protocols.

An informative awareness session was also conducted where the members of the Society & our Principal Sir, enlightened the students and faculty members about the causes, symptoms, prevention, and the importance of Thalassemia testing before marriage. The session was highly interactive and informative.

The programme was successfully completed with the active support of our Principal Sir, members of the Health and Hygiene Sub-Committee, faculty members and students.

We extend our sincere gratitude to Nivedita Thalassemia Control & Awareness Society for their kind cooperation in making this initiative a success.
